Projects

Project Management Tool

Developed project management tool using MERN stack with Kanban-style boards and intuitive dashboard. Key features:

- Designed and implemented Kanban-style boards and intuitive dashboard for project organization.
- Enhanced team collaboration with notifications for updates and task assignments.
- Secured user data with JWT integration.

Blog App

Created admin-centric blog app with React, Redux, Tailwind CSS, and React Flowbite. Features:

- Implemented Google login for security.
- Managed content with efficient CRUD operations.

Fitness and Healthcare App using ML

Designed health app with Python (backend) and React Native (frontend), offering exercise reminders and progress tracking:

- Automated notifications for exercise routines.
 - Customized fitness plans based on user metrics.
-

Internships

Intern - Oasis Infobyte

Nov 2023 - Dec 2023

- Developed predictive models for car and sales price.
 - Applied data analysis for insights.
-

Courses

- MERN Stack Development - Guvi, 2024
 - Data Science - Besant Technologies, Chennai, 2023-2024
 - Java Full Stack - TalentNext (Wipro)
 - IT Support - Google
-

Certificates

- Python Basics - HackerRank
 - Java Basics - HackerRank
 - JavaScript Essentials 1 (JSE) - Cisco Networking Academy
